March Birthday's

In astrology, those born between March 1–20 are the Fish of Pisces. Fish feel things deeply, as in under-the-sea deep. These intuitive, creative, and intelligent people have strong feelings of right and wrong and also love to help others. Those born between March 21–31 are the Rams of Aries. As the first sign of the zodiac, Aries like to be number one. Bold, courageous, passionate, and somewhat impulsive, Rams dive headfirst into even the most challenging situations.
